

Buddy Up Business

Helping the Nelson/Tasman business community through tough times

BUSINESS OWNERSHIP IS CHALLENGING.

Among the everyday pressures already experienced by our local business owners, the Covid crisis and market factors only add to the pressure felt challenging our courage, resilience, capability and overall well-being.

Look out for each other by 'Buddying Up' – talk to each other, be there for each other and support each other through tough times. Give each other mutual support, seek timely help, and just share your stories. We want to work together towards positive change by being there for Nelson/Tasman Business owners and operators.

WHERE TO GO FOR HELP IN NELSON/TASMAN

Nelson Tasman Business Trust and Health Action Trust have business mentors and life/business coaches readily available to help you. Your thinking and approach to leading yourself, your people, and your business.
